Important Information for 2019 Annual Presenters

All presenters must register for the conference and pay the registration fee. Registration link can be found under "REGISTRATION" on the Annual web page: <https://sem.org/annual> in early March.

All presenters must bring their own laptops to connect to the projectors. HDMI and VGA cables will be in every room, but you are responsible for any adaptors needed.

Acceptance of a paper is based on the requirement of the author to present the accepted paper at the Conference. Failure to present or find a suitable substitute to present the paper will result in an assessment fee of \$300.00 USD to offset the cost incurred by the Conference for listing the paper in the Final Program and having it published in the Conference Proceedings. Acceptance of future papers is based on an individual's past record of presentation at the Conference and of prompt payment of assessment fees (if applicable).

An author has until May 10, 2019 to notify SEM Headquarters that an accepted paper is being withdrawn without incurring an assessment fee.
